

## **Nancy Bolash**

I am Nancy Bolash, living for the past almost 10 years at 327 Burns Lane. I love our neighborhood and our caring neighbors. It has been my privilege to serve on the Board since the inception of the BLRA and as the President for the first 3 years. If elected to the Board, I pledge to keep working hard on projects I now am working on such as Ladies Happy Hour, direction and coordination of other downtown neighborhoods through the Downtown Neighborhood Alliance, research on the early history of our neighborhood, as well as any new projects that arise.

## **Bill Kelso**

Through my total of 40 years of residence in Williamsburg and Jamestown, I have had a number of very special lifelong friends who lived on Burns Lane. So, it was inevitable that my wife Ellen and I decided to make our retirement residence here after living on Jamestown Island for 28 years where I had the great fortune to lead the archaeological excavations there. My great fortune has continued as I have gotten to know the welcoming residents of Burns Lane. I have served on the Boards of State and private historical conservation organizations including currently the Jamestown Rediscovery Foundation. With your support I can have the privilege of giving back to my great new neighbors as a Board member of the Burns Lane Residents Alliance.

## **Kerry Mellette**

Kerry lives at 708 Powell Street with her husband Peter. She has been an active member of the neighborhood alliance since 2017, serving as Vice President, Food Pantry Coordinator, and picnic co-chair. Professionally, Kerry has had a 30+ year non-profit career, including 13 years as President of the Williamsburg Health Foundation. She has served the community in many roles, including President of the Rotary Club of Williamsburg, and board member of Williamsburg Landing, Chamber of Commerce, and Williamsburg Community Trust. She is retired professionally but continues to volunteer in the community and work part time.

## **Kelly Shaw**

Kelly spent 13 years in the Air Force, first as a helicopter avionics technician in Germany, ending up, 13 years later, as a DBA at Cheyenne Mountain in Colorado. Since leaving the Air Force in 1990, she divided her time between academia where she earned a Ph.D. in Computer Science, and private industry where she has held positions in technical, sales, and leadership roles.

Dr. Shaw is now retired, and spends her time working on house upgrades, teaching for OSHER, and traveling. She has been married to Bill Rhodes since 1987; has two grown daughters, Ann and Kit; one aging golden retriever, Abby; and a willful cat named Dorothy. She was elected to the BLRA board in May 2022 to help with the website and has been working on that and blogging about new Burns Lane neighbors.

**Continuing Board Members:** Sue Barton, Molly Gareis, Ed Lindsey, Jim Penny, Sue Reid

**Retiring Board Members:** Will Murray

**Board Member Bylaws:** require minimum of 7 and not more than 9

**Election Committee:** Jim Penny and Sue Barton
